

Key Investor Information

This document provides you with key investor information about this Sub-Fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this Sub-Fund. You are advised to read it so you can make an informed decision about whether to invest.

AMUNDI ISLAMIC BRIC QUANT - I A Sub-Fund of the SICAV AMUNDI ISLAMIC ISIN code: (A) LU0399639904

This UCITS has appointed Amundi Luxembourg SA, an entity part of Amundi group, as its Management Company

Objectives and Investment Policy

The objective of the Sub-Fund is to outperform over the long term the Dow Jones Islamic Markets BRIC Capped reference indicator. The Sub-Fund does not aim to replicate the reference indicator and may therefore significantly deviate from it.

To achieve that objective, the Sub-Fund invests in equities and financial instruments replicating or based on an equity ("equity linked instruments") that are strictly selected/derived from the reference indicator and listed in the country in which they are issued or on the markets of the OECD countries (especially in the case of equity-linked instruments) and up to 5% of its net assets in a non-remunerated cash account or in units/shares of Shariah compliant investment funds. The Sub-Fund selects the most attractive investments in each sector. The investment policy of the Sub-Fund is approved by the Shariah supervisory board of Amundi Islamic SICAV and all its investments will be compliant with the rules and principles of Islam law interpreted by the Shariah supervisory board of Amundi Islamic SICAV.

The Sub-Fund may invest in financial derivative instruments for hedging purpose and for the purpose of efficient portfolio management.

The accumulation share automatically retains, and re-invests, all attributable income within the Sub-Fund; thereby accumulating value in the price of the accumulation shares.

The minimum recommended holding term is 5 years.

Shares may be sold or redeemed (and/or converted) on any dealing day (except otherwise stated in the prospectus) at the respective dealing price (net asset value) in accordance with the articles of incorporation. Further details are provided in the prospectus of the UCITS.

Risk and Reward Profile

The risk level if this Sub-Fund mainly reflects the market risk arising from investments in emerging markets equities.

Historical data may not be a reliable indication for the future.

Risk category shown is not guaranteed and may shift over time.

The lowest category does not mean 'risk free'.

Your initial investment does not benefit from any guarantee or protection.

Important risks materially relevant to the Sub-Fund which are not adequately captured by the indicator:

- Liquidity risk: in case of low trading volume on financial markets, any buy or sell trade on these markets may lead to important market variations/fluctuations that may impact your portfolio valuation.
- Operational risk: this is the risk of default or error within the different service providers involved in managing and valuing your portfolio.

The occurrence of any of these risks may have an impact on the net asset value of your portfolio.

Charges

The charges you pay are used to pay the costs of running the Sub-Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.
